IGNITER

Hello Members-

Weather is turning more good than bad, so it is time to do those safety checks on your squadron and get out to the field to see your friends. Last Sunday was marvelous, and those of us who were there enjoyed every second. As you can see from the pictures, the dress code is not coordinated yet with some wearing coveralls and others wearing shorts and long sleeves. Jerry showed off a beautiful new Corsair, Duane flew his new Sukhoi, and Tim tore up the sky with a little biplane with lots of power. Well - a couple of us had a few seconds of stress when the landing gear wouldn't deploy, or the prop and spinner flew off mid air, but the rest of us enjoyed even those tense seconds. Such is a Sunday shared with friends. Even bad stuff is entertaining and the worst that happens is that one of us breaks one of our toys and amuses our spectators. I have included a photo of some debris from my last flight of an under powered ultra lite model -a reminder that control linkages should be securely fastened at all times during flight.

Also, just wanted to say again that our club manages to include a wide variety of interests where other groups around the world seem to focus on narrowing the group in an effort to reduce friction. For whatever reason, our members have chosen to 'include and thrive'. Thank you all for doing your part. We have an upcoming Jet Rally on April 29 where most members won't have anything to fly. The jet pilots appreciate having the use of the field AND we hope to have a good turnout. Two points here: 1) this would be a problem at some clubs, and

to let folks give it a try.

See you at the field,

Jack

Flyer for the upcoming Joint SAC / ESAC Club Picnic Scale Fun Fly.

Date: May 13 (rain date May 20)

Time: 9am until ?

Bring: scale airplanes to fly, friends, favorite dish to share with your friends

A Meeting was called to order on . . .

March 8, 2017 at the Train Station at 7pm. The Treasurer reported \$3,239.99 in savings and \$1,440.01 in checking with 37 paid up members and all

First topic discussed was the upcoming Picnic and joint Scale Fun Fly with the SAC club. The event is on track and all we need is good weather and members to show up and have some fun. The Silent Auction portion of the event has been finalized and members are asked to bring whatever they have for sale, bring a table to display the stuff on and a piece of paper to list the item(s) where folks can write their bids. The club tables will be tied up with the food. Members should also be thinking about that special food dish they can bring to share.

Dennis reported that the Jet Rally is on for April 29. It is expected to be a low key fun day for members to watch and also fly. We expect to have club food for sale and enjoy a day of fast airplanes.

A couple of members asked for their member cards. Jack U is handling member cards this year, which is why there are some bumps in the road. We will continue to make cards and bring them to meetings for those wishing to pick them up and Jim Cockran has been known to mail cards to those who can't make meetings.

There being no further business, the meeting was called to a close at 7:32pm.

-
- April 12 - Club meeting train station 7pm
 - April 29 - Jet Rally at the field
 - May 6 - Jet Rally (rain date)
 - May 10 - Club meeting FIELD 7pm
