Hello Members-

We started this year off with a Jet Rally last weekend which was something we had wanted to try for almost 10 years now. What happens next is a club meeting Wednesday and then a Club Picnic jointly held with the SAC club. This kind of sharing the hobby with another club has also been something that several of us have been wanting to do for a long time. It is so easy to develop an 'us and them' mentality without even truly thinking about it. Then we play that thinking out in lots of little ways in our daily lives. I catch myself saying - "You Seaford Guys" once in a while, and then I have to laugh at myself. Am I a "Hillsboro Guy"? As someone I work with said to me recently, "There is ONLY US". Think about how many problems could be made better if we all just dropped the idea of "them".

Some photos of the Jet Rally appear below. Larry Roper was on hand representing Boomerang Jets <http://www.boomerang-rc-jets.com/> and provided buddy box jet flights for several members and guests. We had AMA representation at the event with Steven Goler, an AVP from District I (also representing Boomerang Jets) and Andy Kane was on hand as a CD/Turbine Waiver holder which made it possible for Tom Perkins to qualify for his waiver at the event. AMA Rules require a rigorous practice process for new pilots culminating in a witnessed solo flight where the pilot must demonstrate understanding of the special safety requirements of flying turbine powered aircraft as well as an understanding of how the systems work and importantly

Quadcopter and captured some video: <https://www.youtube.com/watch?v=v6tIS3cVBMs>

Thanks to Dennis Blades for pulling the jet pilots in and coordinating everything and to the members who helped out or came to spectate.

See you at the field,

Jack
