AMA Chartered Club # 4095

38 36'25.61" N 75 53'06.52" W

6035 Shiloh Camp Rd, Hurlock, MD

IGNITER

Dear Member,

The next club meeting happens a week from Wednesday. It is still cold enough to have the meeting at the Train Station. It seems that winter has caused things to move slowly if at all. We have a new landlord, and will be getting our club charter renewed and will sign a new lease and provide a certificate of insurance to the landlord. Members have renewed in record numbers for being so early in the year- thank you!

The proposed solar project in the neighborhood is still stirring the neighbors up, but facts are hard to come by- so we will keep an eye open and report what we find out.

I will be traveling out of the country and will miss a couple of (probably cold) weekends and the next meeting- so your Vice President will preside at the Feb 14 meeting.

Here's hoping for a short winter and great flying weather just around the corner. I always like to remind myself and you guys that this time of year is a good time to check your airplanes over in preparation for the good weather

I went diving into my photo archives to find some pictures to remind us of what Spring looks like at our club.

See you at the field one day soon!

Jack

A Meeting was called to order on . . .

attendance. The Treasurer reported \$7,404.16 in savings and \$575.96 in checking. We have 37 paid up members.

The members were presented with a copy of the negotiated (but unsigned) land lease which was to be signed once the property transfer has taken place late December.

George had obtained a copy of 'Board of Appeals Case #2617' which deals with a proposed solar project adjacent to the flying field. Without details, all we can tell is that the neighboring field consists of 4 parcels. No plans were available regarding where the proposed construction will take place. The neighbors are in opposition. Our driveway is over the same neighbor's property, so members might want to consider being supportive of our neighbors without becoming too visible- we could lose our driveway if things get ugly.

Dennis reviewed the plan for the Invitational Jet Rally to be held this year. Othello indicated that he could identify some 'jet friends' who might be willing to come fly if we had space. He and Dennis will work that list out.

The Jim Coll Memorial Stunt Contest has been locked in for August 11 & 12.

One of the members has been reviewing club policies and noticed that our Bylaws are out of date. In particular, there is no longer a 'Senior Membership' Category while the Bylaws indicate that the club has such a category. It is likely that other policies could be outdated as well. Jack agreed to give them a look and organize a revision.

There being no further business, the meeting was abandoned at 7:35pm.

The Official 2018 Club Calendar- Check the website for more up to the minute schedule changes.

- February 14 - Club Meeting at the Train Station 7pm
- July 11 - Club Meeting at the FIELD 7pm
